## **DETAILED ACTION**

### ***Response to Arguments***

1. Applicant's arguments filed 6/14/2004 have been fully considered and are persuasive. The restriction requirement in the previous Office Action is hereby withdrawn and an action on all the extant claims follows.

2. In view of the amendments filed 6/14/2004, the rejections to the claims under 35 U.S.C. § 112 are hereby withdrawn.

### ***Claim Rejections - 35 USC § 102***

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

4. Claims 1-9 are rejected under 35 U.S.C. 102(b) as being anticipated by FISHMAN (EP 483569 A1), which substantially discloses the claimed invention, including covering filled blisters with a cover sheet and sealing same with a laser sealer.

*Claim Objections*

5. Claims 1 1-82(84) are objected to for the following reasons:
6. The numbering of claims is not in accordance with 37 CFR 1.126 which requires the original numbering of the claims to be preserved throughout the prosecution. When claims are canceled, the remaining claims must not be renumbered. When new claims are presented, they must be numbered consecutively beginning with the number next following the highest numbered claims previously presented (whether entered or not).

On pages 15-22 of the Specification, the original claims 11-82(84) are numbered, lined-through, and renumbered. However, it appears that this renumbering does not correspond with the numbered claims of the preliminary amendment filed 10/26/2001 and entered as Paper Number 7.

In order to avoid the possibility of making matters more confusing, the Examiner has not renumbered the claims but requests the Applicant to submit an amendment to clarify the renumbered the claims using the most recent format for amendments (i.e., every claim listed in the amendment along with the appropriate labels.) The revised format for amendments can be found at <http://www.uspto.gov/web/offices/pac/dapp/opla/preognotice/revamdtprac.htm>
